Element Wall Panelling

Marc Kenzo

Not all European Oak has to be destined for floors! Our Element Wall Panelling collection is an eco-friendly European Oak product that's custom made and easy to install. Not only can these panels add style to a feature wall or room but once installed, they also offer an added layer of insulation and can also reduce noise transfer from room to room.

Product images may differ from actual product. The availability of products, or the products themselves, may change at any time without notice
