# Carefree living, timeless beauty

## Years of carefree living

Quick-Step laminate floors are designed to last a lifetime. They easily stand up to the challenges of high heels, races with toy trucks and most falling objects. Thanks to their Scratch Guard top layer, all of our floors are up to ten times more scratch resistant than regular laminates.

A Quick-Step floor is very easy to maintain. Down to the joints, the floor's surface is sealed: bacteria, dirt and even most spills won't penetrate the floor, which means easy and worry-free cleaning. Not sure what products to use to maintain your floor in the best possible way? Discover our ranges on page 32.

### Say goodbye to moisture problems

All Quick-Step laminate ranges (except Eligna Wide) have an innovative, water-repellent HydroSeal coating that covers every groove, preventing water from penetrating the surface of your floor. Cleaning has never been so easy!

## Natural beauty in every detail

From finding the perfect plank structure to carefully balancing colour and bevel: creating unique and attractive floors is our mission. Thanks to their true-to-life features, our wood designs look exactly like the real deal.

## Easy installation in 1-2-3

When you've found your dream floor, you want to get it installed as quickly and easily as possible. The Quick-Step Uniclic® and Multifit click systems ensure a worry-free installation, even in tight corners and under radiators.

### How to install your laminate floor

Installing a laminate floor is very easy. Let us help you with our installation videos at [bit.ly/ytquickstep](https://bit.ly/ytquickstep)

# Resisting everything, even water!

Meet the latest generation of laminate floors. Floors that don't just look exceptionally stylish and natural, but can also take a knock or two and above all have a waterproof surface.

Spilled a drink? Did the kids play with water? Don't panic, the liquid won't be absorbed by the floor and you can mop it up immediately. Most of our laminate collections – Majestic, Impressive (Ultra), Colonial Plus, Eligna and Classic – have a water-repellent HydroSeal coating. The floor's surface is completely sealed, so bacteria, dirt and even spillages don't stand a chance. They can simply be wiped off with a damp cloth, leaving a clean, hygienic surface. These waterproof surfaces make cleaning easier than ever!

On top of that, your new Quick-Step laminate floor also has a wear warranty of up to 25 years, guaranteeing many years of worry-free pleasure in your home.

Discover our full collection of laminate ranges with a waterproof surface on pages 21-26

# The details make the difference

Each laminate floor has its own story and a unique look and feel. The Quick-Step designers carefully select the structure, treatment, finish and bevel, perfectly in line with the character of each floor design.

  
The icons indicate the specific design characteristics of every floor.

EL3573

## Structure

### **Elegant wood structure**

A subtle surface texture with a fine grain structure that gives a wood effect with a very natural look and feel.

### **Natural wood structure**

A surface texture where the grain, knots and cracks that are visible in the design can also be felt in the surface. Just like real wood.

### **Intense wood structure**

This distinct structure has varying depths and gloss levels accentuating the knots and cracks. The design and surface is more pronounced than the natural wood structure.

## Treatment

 **Brushed**

A surface effect that gives the appearance of brushed wood. The brushed treatment adds depth and authenticity to a floor.

 **Saw cut**

This effect gives the impression of rough sawn wood thanks to the visible and tangible saw cuts.

 **Scraped**

A hand-scraped surface treatment that gives a crafted, hand-worked finish to your floor.

## Bevel

 **Micro bevel**

The fine micro-beveled edges clearly delineate the planks.

 **Genuine bevel**

The bevel colour, design and structure match the surface of the floor perfectly, creating a more realistic look.

 **Impression bevel**

The impression bevel emphasises planks in a subtle way.

## Finishing

 **Extra matt finish**

An extra matt surface look.

 **Matt finish**

A matt surface look.

 **Silk/matt finish**

The varying gloss levels accentuate the floor structure.

 **Silk finish**

A silk surface look.

## STEP 1 INSTALLATION

# Install your floor without hassle!

Laying a Quick-Step floor is so easy thanks to the patented world-famous Uniclic® click system. This system is highly user-friendly, quicker to install and a lot more solid than other systems. A Quick-Step floor makes installation easy, even in the tightest corners or under radiators and doors.

### 1 Effortless installation, thanks to the Uniclic® click system

Quick-Step is the inventor of the Uniclic® installation system, still today the fastest, easiest and safest click-to-install system. Use the revolutionary and patented click system to effortlessly click your floor planks together.

### 2 Install your floor anywhere, even on floor heating and cooling

Quick-Step laminate floors are perfect for installing over underfloor heating or cooling when combined with the right underlay. (Conditions apply, refer installation instructions)

**For more information:**  
visit [www.quick-step.com.au](http://www.quick-step.com.au)

# Underlay is not an idle luxury

CLICK on laminate 

Installing your Quick-Step laminate floor is easy thanks to the Uniclic® click system. A good underlay is an absolute necessity when laying a floor. Installing the right underlay has a major impact on the final look, quality and comfort of your Quick-Step laminate floor. Quick-Step underlays are high-quality underlays specifically designed for your new floor:

- Easy installation thanks to the self-adhesive strip
- A level, stable base that helps to prevent small irregularities and protects the click system
- Excellent acoustic and thermal insulation
- Pre-integrated damp-proof screen protects the floor from rising damp
- Suitable for floor heating and/or cooling

## Quick-Step® COMBI-LAY STANDARD

Contents:  
1 roll = 20 or 50 m<sup>2</sup>  
Thickness: 2 mm

Combi-Lay Standard is no normal underlay. The dense, closed cell polyolefin foam provides excellent support, with good reduction of both reflected and impact noise.

## Quick-Step® QUIET-STEP COMBI-LAY

Contents:  
1 roll = 20 or 50 m<sup>2</sup>  
Thickness: 2 mm

Quiet-Step Combi-Lay is the first choice where a quiet step sound and maximum reduction in multi-storey noise is required. This high density underlay has no match when it comes to reducing foot fall noise, with a reduction of up to 30% over standard underlays.

For the best results always start with a level subfloor. Make sure it's completely dry and free of dust and grease. For more advice about preparing your subfloor, visit [www.quick-step.com.au](http://www.quick-step.com.au) or your local Quick-Step retailer.

## STEP 2 FINISHING

# Finish perfectly

Finish your floor perfectly with the Quick-Step scotia and profiles.

### 1 Matching colours

Quick-Step offers scotias with perfectly matching colours for every floor.

### 2 A wide choice

Quick-Step has a wide variety of scotias and profiles in various heights and widths.

### 3 Scratch-resistant

The Quick-Step scotias are scratch-resistant, protected against everyday wear and tear, and come with the same warranty as the floors.

## Scotia

Quick-Step®  
**SCOTIA**  
240 x 1.7 x 1.7 cm

Quick-Step scotias offer a perfect colour match with your Quick-Step laminate floor. Extremely wear-resistant and up to 25 years warranty.

## Skirting

Quick-Step®  
**FLEXIBLE SKIRTING**  
700 x 1.4 x 4 cm (to be cut to the desired length)

A beautiful finish for round pillars or curved walls. Made out of supple and durable foam. Available in the length of your choice. Use a good contact glue or a permanent construction adhesive.

## Finishing tools for wet areas

Quick-Step®  
**PE FOAM**  
NEFOAMSTRIP20  
20 m x 10 mm

PE foam expansion joint filler (for use in combination with the Quick-Step Hydrokit).  
Makes your skirting finish watertight!

Quick-Step®  
**HYDROKIT**  
QSKITTRANSP 310 ml

The Quick-Step Hydrokit is a transparent silicone for an invisible and waterproof finishing of skirting boards, profiles,...

It is advised to use the Hydrokit and PE Foam to seal the perimeter when installing Majestic, Impressive (Ultra), Colonial Plus, Eligna and Classic laminate flooring in wet areas.

## Finishing profiles for floor and stairs

Quick-Step's Incizo® profile is a multifunctional finishing tool. One and the same profile can be used for all the finishes of your floor and stairs, in the matching colour. Simply cut the Incizo® basic profile to the shape required using the supplied slitter.

### Quick-Step® Incizo®: five questions, one answer

**1** How can I join two floors of the same height?

Use the Incizo® profile cut as an expansion profile.

**2** How can I solve variations in height from one floor to another?

Use the Incizo® profile cut as an adapter profile.

**3** How do I finish my floor along a wall or a window?

Use the Incizo® profile cut as an end profile.

**4** How can I connect my floor to a carpet, and have a beautiful finish?

Use the Incizo® profile cut as a transition profile.

**5** What about the finishing of my stairs?

You can cover your stairs or steps with Quick-Step planks and finish in the style of your choice with the Incizo® profile as a stair nose.

#### Quick-Step® INCIZO® PROFILE
